Admission to the UC Berkeley Haas School of Business Undergraduate Program is highly competitive.

**MINIMUM ELIGIBILITY REQUIREMENTS FOR ADMISSION**

1) Complete all prerequisite courses (see below) with a letter grade of C- or higher no more than 5 years before starting the business major. Because the admissions process is highly competitive, strong candidates for the business major will earn significantly higher grades than this minimum standard. If you plan to begin Haas in Fall 2019, prerequisites taken before Fall 2014 must be repeated.

To be considered for admission All prerequisites must be completed by the end of the spring term prior to starting at the UC Berkeley Haas School of Business. Although you are not required to complete all prerequisites at the time of application, the admission committee prefers to see as many prerequisites as possible completed by the end of the Fall term prior to starting at the Haas School.

For prerequisites taken within 5 years: If you repeated or have taken more than one course to fulfill a prerequisite you must use the first attempt to satisfy the requirement. If you received a C- or higher for your first attempt you should not repeat the prerequisite.

A Summer 2019 course is not considered "work in progress" for the Fall 2019 selection process.

Haas does not accept the Intersegmental General Education Transfer Curriculum (IGETC).

2) Complete at least 60 UC-transferable semester units (90 qtr. units) by the end of the Spring term prior to starting at the UC Berkeley Haas School of Business.

**PRE-ADMISSION ADVISING**

We encourage transfer students to contact the Haas Undergraduate Program office for pre-admission advising. All of our advising is done on a drop-in basis; no appointment is necessary. You can either call us at 510-642-1421 or stop by room S450 at the Haas School of Business. Office hours: 9:00 a.m. - 4:00 p.m. Monday, Wednesday, Thursday, and Friday, and 10:00 a.m. - 4:00 p.m. on Tuesday. We are closed daily for lunch from 12:30 p.m. - 1:30 p.m.

Students should also visit haas.berkeley.edu/Undergrad for additional information regarding the admissions process, selection criteria and use of
HAAS SUMMER PRECORE PROGRAM

If admitted to Haas we invite you to participate in our Summer PreCore Program. The program offers two 6-week courses for newly admitted Haas transfer students only. The program helps students refresh skills they need during their two years of classes at Haas and is intended to better prepare you for the rigorous coursework of the fall semester. Additional information about the PreCore Program can be found here: http://haas.berkeley.edu/Undergrad/pdf/PreCore.pdf
To: UC Berkeley, From: Berkeley City College, 18-19

Business Administration, Lower Division B.S. (continued)

ADMISSION PROCESS

Step 1: Submit the UC Application using the PATHWAYS online application at:
http://www.universityofcalifornia.edu/apply

The online application is available August 1st. The deadline for filing is
November 30.

Step 2: All transfer applicants are required to submit the Haas Supplemental
Application by January 31st. The application will be available on the
MAP@Berkeley web site in early January. The Supplemental Application includes
the Haas Self-reported Academic Record, an additional essay and resume. This
information will be reviewed to confirm eligibility for the major. Students who
fail to submit the Haas Supplemental Application or show planned satisfaction of
all requirements will be considered ineligible for admission.

The UC Application and the Haas Supplemental Application for all eligible
students are reviewed thoroughly by Haas and many factors are considered,
including performance in prerequisites, grade trends, course load, consistency
of academic performance, leadership potential, accomplishments as demonstrated
by extra-curricular activities, as well as communication and analytical skills.
Responses to the UC Personal Insight questions and the Haas Supplemental essay
question are the principal means we have of gaining insight about each
applicant, their interests and reasons for applying.

Step 3: Admission Interviews. The information submitted as part of the written
applications typically gives us the full picture of a student's experience and
aspirations. However in some cases, additional information is needed and Haas
may invite a transfer applicant to interview with a Haas alumni or staff person.
Interviews are by invitation only.

Final admission decisions will be available by May 1.

HAAS 7-COURSE BREADTH REQUIREMENT - NOT REQUIRED FOR ADMISSION

Units earned for prerequisites may not equal the 60 semester (90 quarter) unit
minimum required to transfer. If you need to take additional courses to meet the
unit requirement, consider taking breadth courses. Breadth is a degree
requirement and breadth coursework is not required for admission. Visit our web
site for additional information about breadth requirements. Haas uses the
College of Letters and Science (L&S) Breadth list with exceptions:

- Business courses cannot be used for breadth.
- Haas prerequisites cannot be used for breadth.
- Micro-economics or macro-economics cannot be used for breadth.

To access the breadth list go to the home page of ASSIST.org. Select a
Community College from the drop down menu. After selecting a Community College,
select University of California, Berkeley from the Agreements with Other
Campuses drop down menu. (You could have chosen the university campus first and
the community college second.) Next, go to the for General Education/Breadth
Business Administration, Lower Division B.S. (continued)
drop down menu and select General Education/Breadth.

The College of Letters and Science General Education Requirements are listed under the section "College of Letters and Science, Seven Course Breadth" displayed about half way down the page.

If there are UC transferable courses offered at your school that are not included on the breadth list, please contact your school's Articulation Officer. He/she should submit the course(s) to UC Berkeley's Articulation Officer for review. If approved, the course(s) will be added to the articulation agreement.
