The Sustainable Environmental Design major recognizes that the emergent, multidisciplinary field of sustainability science is growing rapidly. As the world population urbanizes, the planning and design of resilient, resource-efficient, healthy and socially just cities and metropolitan regions is profoundly important. The College of Environmental Design, with its long-standing expertise in sustainable urbanism and design, is an ideal setting for an undergraduate major in sustainable environmental design, with a focus on the built environment.

The major offers students a critical understanding of the sustainability challenges facing urban regions in California and around the globe, and equips them with the technical, analytic and design tools key to devising creative solutions. Graduates have many career paths and fields of graduate study open to them. Students who complete this major will:

1. Understand the application of physical, biological and social science in the design of sustainable cities and metropolitan regions
2. Understand sustainable urban technologies and design strategies
3. Comprehend issues of equity and social justice as they relate to sustainable cities and regions
4. Evaluate and monitor the present state and future potential of built environments in terms of sustainability
5. Comprehend the implications of policy and institutions and their potential to shape future sustainable cities and regions

For information about the College of Environmental Design's degree programs, see ced.berkeley.edu/academics/

**MINIMUM ELIGIBILITY REQUIREMENTS FOR ADMISSION**

For information about admission to the Sustainable Environmental Design major in the College of Environmental Design, see CED's prospective student website: http://ced.berkeley.edu/admissions/undergraduate/transfer-applicants/

-The UC applicant personal statement is important in the selection process at Berkeley. The College reviews the personal statement for evidence of the student's interest in the chosen field and a thoughtful match between the academic program and the student's academic and career objectives.

-A minimum 3.0 overall UC transferable grade-point average is required for admission consideration.

-All courses required for admission, including breadth requirements, must be taken for a letter grade.
To: UC Berkeley, From: West Valley College, 18-19

================================================================================

Sustainable Environmental Design, Lower Division B.A. (continued)

Course work must be completed by the end of the spring term that precedes fall enrollment at Berkeley.

As a community college transfer applicant you must complete, at a minimum, course work identified on ASSIST.org as comparable to the UC Berkeley courses below.

LOWER-DIVISION MAJOR REQUIREMENTS

Environmental Design 1
Environmental Design 2
Landscape Architecture 12 (this course will also fulfill CED's Biological Sciences breadth requirement)
Math 16A or 1A
Statistics 2, C8, 20, 21
Physics 7A or 8A (this course will also fulfill CED's Physical Sciences breadth requirement)
Economics 1, 2, C3, or Envecon C1 (this course will also fulfill CED's Social and Behavioral Sciences breadth requirement)

Courses required for admission to the Sustainable Environmental Design major may also be used to complete IGETC certification. Check with your community college counselor for more information.

GENERAL EDUCATION/BREADTH REQUIREMENTS

READING AND COMPOSITION (R&C)

English R1A
English R1B

SEVEN-COURSE BREADTH

Arts & Literature
Biological Science (Landscape Architecture 12 will also fulfill the Lower-Division Major Requirement)
Historical Studies
International Studies
Philosophy and Values
Physical Science (Physics 7A or 8A will also fulfill the Lower-Division Major Requirement)
Social and Behavioral Sciences (Economics 1, 2, C3 or Envecon C1 will also fulfill the Lower-Division Major Requirement)

You must fulfill all of the required Lower-Division Major and General Education/Breadth Requirements outlined above to be considered for admission. All courses required for admission, including General Education/Breadth Requirements, must be taken for a letter grade.

If you are using IGETC to fulfill CED's College Requirements, you must have full certification. Partial certification will not complete the requirements. Be sure to check with your community college about the procedures involved in certification of IGETC. The University will require the official certification
Sustainable Environmental Design, Lower Division B.A. (continued)
by the July 1 deadline.

If you will not complete IGETC certification, you must follow exactly the articulation agreements between your school and the CED Sustainable Environmental Design major as described on this ASSIST.org website.

Regardless of how you complete the General Education/Breadth Requirements, you must also complete the Lower-Division Major Requirements with articulated courses outlined on ASSIST.org.

For more information on applying to CED:
College of Environmental Design
Office of undergraduate Advising
250 Wurster Hall
ced.berkeley.edu/ced/students/undergraduate-advising/
(510) 642-4943

Prospective student website:
ced.berkeley.edu/admissions/undergraduate/transfer-applicants

For more information on admission to UC Berkeley:
http://admissions.berkeley.edu

For more information on majors at UC Berkeley:
Berkeley Academic Guide: http://guide.berkeley.edu

--------------------------------------------------------------------------------

LOWER-DIVISION MAJOR REQUIREMENTS

If your college does not offer courses articulated with ENV DES 1 and LD ARCH 12, see the CED prospective student website for a list of colleges that offer articulated Environmental Design courses:
ced.berkeley.edu/ced/students/undergraduate-advising/articulation#table

If you are unable to attend a college that offers ENV DES 1 and/or LD ARCH 12 equivalents, please contact SED Major Advisor Nancy Trinh Chieng immediately to discuss possible options, e.g. demonstrating interest in the major via related coursework.

You may also wish to look into taking the mandatory Lower-Division Major Requirements at UC Berkeley during the summer (See http://summer.berkeley.edu) or via University Extension Concurrent Enrollment if class space is available (see http://extension.berkeley.edu/info/enrollment.html).
Sustainable Environmental Design, Lower Division B.A. (continued)

Some students are able to take one or more of the Lower-Division Major Requirements at UC Berkeley via the Intersegmental Cross-Enrollment program, which allows students who meet certain eligibility criteria AND are enrolled at a California community college to enroll in a maximum of one course per academic term at UC Berkeley on a space-available basis, paying community college fees. See classes/visitor-and-exchange-programs

Finally, if it is impossible for you to attend a school that offers courses articulated with the mandatory Lower-Division Major Requirements, you may submit comparable courses for evaluation using the "Evaluation of Transfer Coursework: Prospective Students" form on this page: ced.berkeley.edu/ced/students/undergraduate-advising/forms-documents.

If you do not complete the articulated Lower-Division Major Requirements, you will not be admitted to CED.

ECON 1  Introduction to Economics  (4) | ECON 1A & 1B  Principles of Macroeconomics (3)

NOTE: Berkeley's ECON 1 covers macro-economics and micro-economics.

OR

ECON 2  Introduction to Economics, Lecture Format  (4) | NO COURSE ARTICULATED

NOTE: Berkeley's ECON 2 covers macro-economic and micro-economics.

OR

ECON C3  Introduction to Environmental Economics and Policy  (4) | ECON 1B  Principles of Microeconomics (3)

Same as: ENVECON C1

--------------------------------------------------------------------------------

GENERAL EDUCATION/BREADTH REQUIREMENTS

All courses required for admission, including General Education/Breadth requirements, must be taken for a letter grade.

Course work must be completed by the end of the spring term that precedes fall enrollment at Berkeley.

Students may use Advanced Placement, A-Level Exams, and International Baccalaureate coursework to satisfy certain requirements. Contact the CED Office of Undergraduate advising for minimum exam scores and course equivalents: ced.berkeley.edu/ced/students/undergraduate-advising/forms-documents/
Sustainable Environmental Design, Lower Division B.A. (continued)
The College of Environmental Design (CED) will accept IGETC or Reading and Composition plus 7-Course Breadth to satisfy the General Education Requirements.

IGETC certification will fulfill some, but not all, of the lower division admissions requirements for the College of Environmental Design. Students must still complete all of the Lower-Division Major Requirements listed above.

IMPORTANT: Students applying to the College of Environmental Design should select breadth courses from the following lists with these caveats:

1. No more than two CED courses (Architecture, Landscape Architecture, Visual Studies, Environmental Design, Urban Studies, and City and Regional Planning) may be used to fulfill CED's breadth requirements.

2. No more than two courses offered by the same department may be used towards the seven breadth requirements.

Sustainable Environmental Design, Lower Division B.A. (continued)

INTERNATIONAL STUDIES: Courses that involve the study of the contemporary politics, culture, arts, or socioeconomic structure of at least one country other than the U.S., or courses that involve comparison between the U.S. and another country (subcultures within the U.S. do not qualify as subjects of study for the purposes of this requirement).

NOTE: As of Fall 2016, study of a language other than English will not meet the International Studies Breadth requirement.

Courses that satisfy the International Studies Seven-Course Breadth Requirement:

- GEOG 2 Introduction to Cultural Geography (3)
- GEOG 6 World Regional Geography (3)
- HIST 12 African-American History (3)
- HIST 16 Mexican-American History (3)
- POLI 2 Comparative Governments (3)
- POLI 4 International Relations (3)

PHILOSOPHY AND VALUES: Most courses in the department of Philosophy, plus courses with a major focus on religion, ethics, legal values, or leading philosophical figures.

Courses that satisfy the Philosophy and Values Seven-Course Breadth Requirement:

- HUMN 1A Human Values in and from the Arts (3)
- HUMN 1B Human Values in and from the Arts (3)
- PHIL 1 Introduction to Philosophy (3)
- PHIL 2 Introduction to Logic (3)
- PHIL 3 Introduction to Ethics (3)
- PHIL 4 Patterns in Comparative Religions (3)
- PHIL 12 Introduction to Environmental Ethics (3)
- PHIL 17 Logic and Critical Reasoning (3)
- PHIL 21 World Philosophers on Death (3)

PHYSICAL SCIENCE: Take one of the following:

- PHYSICS 7A Physics for Scientists and Engineers (4)
- PHYSICS 8A Introductory Physics (4)
- PHYS 4A Engineering Physics - Mechanics (5)

OR

- NO COURSE ARTICULATED
Sustainable Environmental Design, Lower Division B.A. (continued)

SOCIAL AND BEHAVIORAL SCIENCES: Take one of the following:
ECON 1 or ECON 2 or ECON C3 or ENVECON C1.

ECON 1 Introduction to Economics (4) | ECON 1A Principles of (3)
| Principles of Macroeconomics
| ECON 1B Principles of (3)
| Microeconomics

NOTE: Berkeley's ECON 1 covers macro-economics and micro-economics.

OR

ECON 2 Introduction to Economics, (4) | NO COURSE ARTICULATED
Lecture Format

NOTE: Berkeley's ECON 2 covers macro-economic and micro-economics.

OR

ECON C3 Introduction to (4) | ECON 1B Principles of (3)
| Principles of Microeconomics
| Environmental Economics and Policy
| Same as: ENVECON C1

NOTE: A score of 3 or above on the AP Microeconomics or Macroeconomics exam will also satisfy this requirement for the Sustainable Environmental Design major.

END OF MAJOR
